

## Janitorial

NVS/CSI understands and acknowledges the importance of a clean working environment. We successfully develop cost effective and distinctive methods for your facility to provide quality professional cleaning services. This is done through the establishment of training and team commitment with personal integrity, mutual respect, honesty, devotion to excellence in services.

Our services include, but not limited to:

- » Janitorial Services
- » Floor Maintenance
- » Carpet Care
- » Customized Cleaning
- » Pressure washing
- » Window Washing
- » Graffiti Removal

However, each facility is unique. Because of this, we conduct a full services survey.

A customized cleaning program is created based on the unique needs of you and your tenants.

## Mechanical/Maintenances

NVS/CSI offers specialized mechanical/maintenance services that are designed toward the physical building maintenance and aesthetics requirements. Whether it is as small as replacing light bulbs, we will provide services with equal effort and commitment. NVS/CSI also can coordinate with and manage other professional service companies if specialized technical services are required.

Some of our services include:

- » Emergency Response
- » Landscaping and Grounds Keeping
- » Drywall Repair and Replacement
- » Interior and Exterior Renovation
- » Finish Carpentry
- » Pressure Washing
- » Parking Lot Sweeping
- » Electrical
- » Plumbing
- » Painting
- » HVAC Maintenance
- » Fire System Maintenance

## Construction, Repair &
